RESPONSE TO RESTRICTON REQUIREMENT

In response to the Restriction Requirement mailed October 29, 2009 in the above-referenced application, Applicants elect the invention of Group 1, claims 1-8, 15-26, 33-49 drawn to an assembly for monitoring radiation classified in class 340 subclass 635. Applicants assume that although the Examiner identified Group I as including claims 8, 15-26, 33-49, the Examiner meant to identify claims 1-8, 19-26 and 33-49 in Group I in that claim 8 is dependent from claim 1, and that therefore claim 1 (as well as dependent claims 2-7) are also part of Group I. This election is made without traverse. Applicants reserve their rights to file a divisional application(s) for the non-elected claims.

This Response is due on or before November 29, 2009. Applicants believe no fees are due in connection with this timely filing. However, the Commissioner is hereby authorized to charge any additional fees that may be due, or credit any overpayment of same, to Deposit Account No. 50-0311, Reference No. 39605-501N01US.
